HAL'S FIREBIRD

1975 Firebird Formula 400 Hardtop Coupe

Cameo White with Blue Upholstery

350 V8, auto transmission

A friend at work was selling this car and told me I should have it. She knew my love of cars and thought it would be a great thing for me to have. (Cont Pg 3)

PREZ SEZ:

WOW, can't believe summer is half over and Hot August Nights is nearly upon us! With the blistering hot weather we have already experienced, I hope the event doesn't live up to its name this year—how about some 80 degree days for a change?!

A small group of SSP members spent a great weekend in the lovely town of Lovelock for their annual car show. The venue was very nice, on the grass under the trees at the courthouse. The show was very well organized, lots of awards and trophies, friendly people. It would be great to make this an annual trek for our club and increase our presence there.

Be sure to participate in our work night for the Sparks Cruise on July 29, it's an easy 3 or 4 hours and gives our club treasury a needed boost. Hope to see you all at Mike's on Saturday the 26th for a great BBQ & fixing's. I might have a little surprise for all of you that day—stay tuned.

She had compiled a notebook of the original sales slip, pictures and details of how and when she became the owner. Her father bought it for her when she went to college. She attended USC and put the emblem on the back window. It is still there and I don't plan to have it removed. He ordered it fully loaded with extra factory front seat upholstery and four chrome wheel well trim rims. He obviously planned for her to keep it a long time as a classic car, which she did.

When I went to pick it up, it wasn't running. I changed the carburetor to a Carter, had the wheels aligned, and flushed the radiator. I'm still refurbishing it and plan to keep it for a long time.

 "But you have your wife," the second man pointed out.
